Rammer was a massive bull with a large square hindquarter and huge testicles. He was used for 6 years and produced 70 registered progeny and in excess of 50 commercial progeny. His male progeny were consistently sought by commercial producers for their uniformity and square hindquarter. He has sold over \$75,000 worth of registered progeny. Rammer is a big growth bull who is a trait leader for scrotal size. Recommended for use over mature females. Semen is limited.

Semen \$27.50 per straw
