**Statistics:** Number of Herds: **44**, Progeny Analysed: **381**, Scan Progeny: **171**, Number of Dtrs: **71**

Starbright was purchased in 2005. He was a colossal bull displaying exceptional thickness and muscularity. His EMA EBV is the 7th highest sire in the history of Murray Greys. His carcase and eye muscle characteristics are unmatched in the breed. His calves have sold to \$14,500 and semen has been exported to Canada and America. We continue to be impressed with Starbright's progeny. They have calved easily and exhibited excellent growth and muscle content. To date his 25 Wallawong bull progeny have sold to \$14,500 and averaged over \$5000 (total clearance at auction). We could not recommend him highly enough to those breeders looking for quality carcase characteristics. Semen is limited.

**Semen \$110 per straw**

**Wallawong Octagonal – Son of Starbright S117**  
Sold for \$7,000

**Wallawong Quarterback – Son of Starbright S117**  
Sold for \$7,500

**Wallawong Ripsnorter – Son of Starbright S117**  
Sold for \$14,500
