**Statistics:** Number of Herds: **1**, Progeny Analysed: **28**, Scan Progeny: **20**,

Vinnie A201 was purchased as the top priced bull from the 2007 Lindsay Production Sale. He is a solid bull combining desirable muscularity with excellent finish and very good performance data. His mother is a very impressive daughter of Starbright S117, being large, mobile and productive. His first calves, born in 2008, have proved to be uniform and appealing. They have been easy calving with very good growth. His sons sold well at our 2010 production sale, and retained heifers are exhibiting an easy doing ability.
