West was one of the most impressive Murray Grey bulls we have seen. He was a large bull who displayed a superb amount of muscularity in a mobile package. He is similar in type to Starbright S117, only with a little more growth. He is a trait leader for all growth traits, scrotal size, and carcass weight. We have used West in the past 2 AI joinings. He is a bull that is hard to pass up as part of a modern breeding program.
