Northern Beef Week Tour hosted by Tamworth North West Murray Grey BPG

The Tamworth North West NSW Breed Promotion Group invites Murray Grey breeders and enthusiasts from interstate and within NSW to travel to Tamworth and join a 2 day bus tour provided by the group. Together you will visit four studs over the weekend at very low cost with meals and one night's accommodation provided. Now there's never been an offer like this!

Participants may arrive in Tamworth Friday afternoon or evening and stay overnight at their own expense. There are flights from Sydney (Qantas) and Brisbane (Brindabella) that get in to Tamworth Friday afternoon/evening and there is plenty of accommodation in Tamworth. Alternatively there is a Qantas flight from Sydney to Tamworth on Saturday morning that leaves Sydney at 8:20am and arrives at 9:25am. Participants can be picked up by the bus at 9am from the All Seasons Tamworth Towers Motel or the Tamworth Airport at 9:30am. Please indicate preferred pick up on the Acceptance Form. If you wish to stay at All Seasons Tamworth Towers Friday try www.wotif.com for deals.

SATURDAY 26 JUNE 2010

9:00am: Mini bus picks up from All Seasons Tamworth Towers Motel (0267 658361)

9:30am: Mini bus picks up from Tamworth airport, meets incoming flights.

11:30am – 1:45pm: Kym Carlton's Carlinga Murray Grey stud, Boggabri, herd tour followed by lunch

1:45pm: Leave for Lachlan and Kate James' Wallawong Murray Grey Stud, Gunnedah

3:00pm – 5:00pm: Wallawong herd tour

5:00pm: Dinner at Wallawong sale shed

7:00pm: Leave to get to accommodation, overnight in Quirindi

SUNDAY 27 JUNE 2010

7:45am: Leave accommodation

10:00am: Arrive Paul and Lyn Richards Rouchelle Murray Greys, herd tour, morning tea

11:15am: Leave for Andrew and Sharon Gunn's Mundalola Murray Grey Stud

12:30pm: Lunch stop at Willow Tree

2:15pm: Arrive Mundalola, Herd tour and afternoon tea

3:30pm: Leave Mundalola for airport

4:25pm: Arrive Tamworth airport to meet flights out of Tamworth at 5:05pm to Sydney (Qantas) or 5:05pm to Brisbane (Brindabella)

Tour ends.

Please note: If you wish to drive yourself around you are welcome to do so. All four studs on this tour are participating in Northern Beef Week and will be open for this event on these days:

Carlinga—Friday 25 June and Saturday (tour) Wallawong—Friday 25 June and Saturday 26 June

Mundalola—Saturday 26 June and Sunday (tour) Rouchelle—Sunday 27 June

Murray Grey Studs visited in Northern Beef Week Tour

Carlinga Murray Greys - Kym Carlton, Boggabri

Carlinga is a stud and commercial cattle operation set on 1800 acres, running 120 Murray Grey breeding cows and including about 50 registered breeders. The herd was established on The Glen, Springwell, Mt View and Delowen bloodlines. Recent show results include Senior and Grand Champion bull at the 2010 NSW Beef Spectacular, Carlinga Cuba (right). Bulls in use and on display will include the 1200 kg sire Gnoleda Zac, listed in the Top 100 Sires \$Index lists and a growth trait leader. Also Carlinga Digger, a curve bending young sire with a huge future at Carlinga. Females on display will include autumn cows with calves at foot by Carlinga Centaur, PTIC spring calving cows and heifers, and a group of stunning weaner bulls and heifers by Karawi Hill Downpour. There will be a select range of females available for sale on the day as well as a limited number of young bulls. Anyone with an interest in sub-tropical grass establishment may also like to see our results in this area.

Wallawong Murray Greys – Lachlan & Kate James, Gunnedah

At Wallawong we are passionate about breeding high quality beef cattle with a commercial carcass focus. Founded in 1990 the breeding herd is currently 95 cows along with 50 commercial cows. Our female herd is run on two properties in the Gunnedah/ Boggabri area of NSW. On tour you can inspect our Sale team of 19 BreedPlan recorded bulls and 15 registered females prior to our 2010 on-property sale event on 8 July. View current stud sires Wallawong Quarterback (pictured left), Wallawong Ripsnorter, and Wiltshire Crown Prince all with semen available. See the mature female stud herd with young calves by these and other sires. We look forward to welcoming visitors and clients with a similar interest in quality beef cattle genetics to our new property 'Marriot Park'.

Rouchelle Murray Greys – Paul and Lyn Richards, Muswellbrook

Formed in 1994 with cows purchased from Glencairn and Baerami Studs. Bloodlines were expanded in subsequent years with females from The Glen and Ondiong Studs. AI is used almost exclusively with success using Walteela Rough Rider. His progeny winning two Easter Show Broad Ribbons and a National Sale Champion Bull. Rough Rider females are now breeding and will be on display. Bulls currently being used include Monterey Sundowner, Lindsay Starbright and Millwood Cooper. As part of promoting our cattle we participate in hoof and hook competitions, at local and Royal show, winning Champion lightweight carcass at Sydney Royal and numerous Champions at local competitions. Our breeding program is based on fertility, milking ability, temperament and muscling.

Mundalola Murray Greys – Andrew and Sharon Gunn, Attunga

Established in 2004 Mundalola now has a proven line of excellent breeding cows, with a strong background in good milk production, quiet temperament and structural soundness. We have joined these cows to some of the best Murray Grey trait leaders in Willalooka Pharoah and Monterey Gotcha. The Bull calves from these cows are excellent with quiet temperament, good structure and good EBVs. These bulls (pictured below) will be on sale during Beef Week and we invite you to join us at Beef Week to view both the cows and their progeny.
