**Statistics:** Number of Herds: **46**, Progeny Analysed: **350**, Scan Progeny: **105**, Number of Dtrs: **65**

Starlight is one of the true super sires of the breed. He has been used extensively and his progeny have excelled in both the show ring and the sale ring. He was a functional bull with an exceptional hindquarter and above average performance data. He combines growth with sound carcass EBVs and positive fat EBVs.

We have been using small quantities of Starlight semen for several years, and more recently have been using a son, Sensational, by AI.
