A joining between a structurally outstanding breeder who has performed well in the paddock and the showing, Fi Fi U12, and the dynamic, high yielding sire Wallawong Quarterback. Calves from this joining should show excellent growth and muscularity, combined with exceptional structural correctness. Fi Fi U12 was the Senior Murray Grey Female at Brisbane Royal 2002.

2 grade 1 embryos available - \$550

3 grade 2 embryos available - \$440
