2% rebate to stock and station agents nominating buyers, personally attending the sale (or facilitating the purchase and nominating the buyer 24hrs prior to the sale) and settling accounts within 7 days. This rebate applies for individual clients who purchase 5 or more live lots.

**The sale will be conducted exclusive of GST  
PLEASE BRING THIS CATALOGUE TO THE SALE**

# SALE INFORMATION

**INSPECTIONS:** Open day on property, Friday 10th March 11am - 3pm. Evening Presale BBQ and beer viewing, Friday 17th March 3.30pm-6pm. Sale day, 18th March from 10am. Appointments can be arranged prior to sale by contacting vendors, Lachlan & Kate James, on phone 0402 839 373.

**REBATE:** 2% on live lots to outside agents nominating buyers, personally attending the sale (or facilitating the purchase and nominating the buyer 24hrs prior to the sale) and settling the account within 7 days. This rebate applies for individual clients who purchase 5 or more live lots. This will be strictly enforced.

**DELIVERY:** Delivery will be given at the completion of the sale.

**BUYER'S INSTRUCTION SLIP:** Must be completed by all successful purchasers and registered with the selling agent prior to delivery. Please find buyers instruction slip at the back of the catalogue.

**INTERSTATE PURCHASER TRANSPORT REBATE:** We are offering the following interstate transport rebates to interstate purchasers.

\$100 per live lot to individual purchasers purchasing 1-4 lots

\$150 per live lot to individual purchasers purchasing 5 or more lots

**TRANSPORT OPTIONS:** We recommend the following transport businesses who will be in attendance or contactable for your transport needs.

*Local and Northern NSW, Central QLD* - Geddes Transport - Dugald Geddes 0429432552

*Southern and Central NSW* - Right time Transport - Jai Wynberg 0427360025

*Victoria and Sth Australia* - Wilton Transport - Joe Wilton 0408739559

*Sth Australia and Western Australia* - Quicksilver Transport - Doug Giles 0427720010

**TRANSFERS:** All females will be transferred to the purchases free of charge. Any female noted as having 'embryos retained' will be transferred such that Wallawong retains 1% ownership (with no physical call on the animal). This is done solely for the purpose that any future DNA testing that may be required can be done by us without the need for written permission of the purchaser.

Any purchaser wishing to opt out of Angus Australia (AA) disclosing personal information need to do this in writing to AA. More information regarding AA's privacy policy can be found at <http://www.angusaustralia.com.au/privacy/>

**HERD HEALTH and MANAGEMENT:** The Wallawong herd is TB and Brucellosis free. For approximately 15 years the herd held an MN2 protected/JBas 8 accreditation as part of the now defunct John's Market Assurance Program/JBas program. With the deregulation of WA John's entry requirements, we have not pursued further testing and now hold a JBas 6 status. All lots in the sale are eligible for entry into all states and territories of Australia.

- All females have been regularly vaccinated against Clostridial diseases and Leptospirosis.

- All females and calves at foot (with the exception of cow LEJL2 in Lot 29, CAF on Lots 38 & 126, and Lot 158) have been vaccinated with 3 germ 'tick fever' vaccine for direct entry into ticky country.

- All live lots including calves at foot have been hair tested negative for PI pestivirus. All adult females have been vaccinated in 2022 with pestiguard.

- All adult bulls have undergone a crush side semen test and physical penile examination by Excel Genetics.

- Where possible all bulls/cows/heifers have been sire verified. It was not possible to sire verify all adult cattle due to there being no or historical profiles on some sires. All calves have had samples submitted for sire verification. Any details that differ from those stated in the catalogue will be presented on the supplementary sheet.

For Black Angus cattle the following suffixes are used in the catalogue: PV = Both parents have been verified by DNA, SV = The sire has been verified by DNA, # = DNA verification has not been conducted.

All PTIC females have been ultrasound preg tested or hormonal blood tested pregnant. All unjoined females have been manually vendor preg tested negative and hormonal blood tested not pregnant. Details of pregnancy status will be presented on the supplementary sheet.

**INSURANCE:** Purchases become the responsibility of the buyer at the fall of the hammer. While all care will be taken by the vendors, we recommend buyers insure their purchases. Please contact Achmea Insurance or the selling agent to arrange insurance.

**GUARANTEES:** All adult females are offered in good faith and for genuine sale. Pregnancy status will be presented on the supplementary sheet. This pregnancy status was determined by an independent contractor. Wallawong takes no responsibility or makes any guarantee regarding the pregnancies stated resulting in a full-term live calf.

Any adult female determined not to be pregnant at the time of testing are guaranteed fertile and capable of becoming pregnant. Any claim made must be in writing and accompanied by a veterinary certificate within 6 months of the date of sale and does not include females that have been subsequently flushed. (see inside next page for details). Wallawong takes no responsibility nor makes any guarantee regarding the future fertility of calves at foot

All adult bulls are guaranteed fertile and capable of natural service for 6 months from the date of sale. Any claim made must be in writing and accompanied by a veterinary certificate within 6 months of the date of sale (see inside next page for details).

All embryos offered are A grade, and a 50% 90day conception guarantee is offered to all purchasers of 8 or more embryos. This guarantee is given if the embryos are implanted within 9 months by a recognised embryo technician. The guarantee is such that Wallawong will replace (as close a mating as possible) of embryos up to the 50% threshold. The guarantee does not include any losses due to storage or transport of embryos.

All semen offered has been collected and stored by external contractors. We have regularly used semen from these batches and have had industry standard conception rates. Please note the special conditions and recommendations of use in the comments of Lot 164.

**SALE DAY SAFETY:** All lots will be penned and available for viewing on sale day. Persons enter the sale pens at their own risk, and no prams or children under 15 years are to enter sale pens.

**TERMS AND CONDITIONS OF SALE:** Agents will display their terms and conditions of sale on the day of the sale.

**GST (GOODS AND SERVICES TAX):** All lots sold are GST exclusive. As outlined in the agents terms and conditions, GST will be added on to the auction purchase price upon invoicing.

**TRAVEL:** Qantas and Virgin provide flights between Sydney and Tamworth. Tamworth is located 74km East of Gunnedah. Contact Qantas on 131313 to arrange bookings.

**CATERING:** Morning tea, tea and coffee, cold drinks and BBQ lunch available at the open days, previewing and sale day. We will be observing the most current Covid requirements.

## FERTILITY GUARANTEE

We guarantee all adult bulls to be structurally sound, fertile and capable of natural service. Adult bulls are guaranteed for up to 6 months from the date of sale. However, should a bull prove not to be able to perform the above duties we will:

- Replace the bull with an agreed substitute if available, or
- Issue a credit equal to the purchase price less salvage value. This credit may be used at future Wallawong sales.

The guarantee covers the purchase value of the bull, without interest, costs or damages. The guarantee shall apply providing the bull's incapacity is not caused by injury, misadventure or disease contracted since leaving Wallawong. A veterinary certificate must also be supplied by the purchaser.

Any adult female determined not to be pregnant at the time of testing are guaranteed fertile and capable of becoming pregnant. Any claim made must be in writing and accompanied by a veterinary certificate within 6 months of the date of sale and does not include females that have been subsequently flushed.

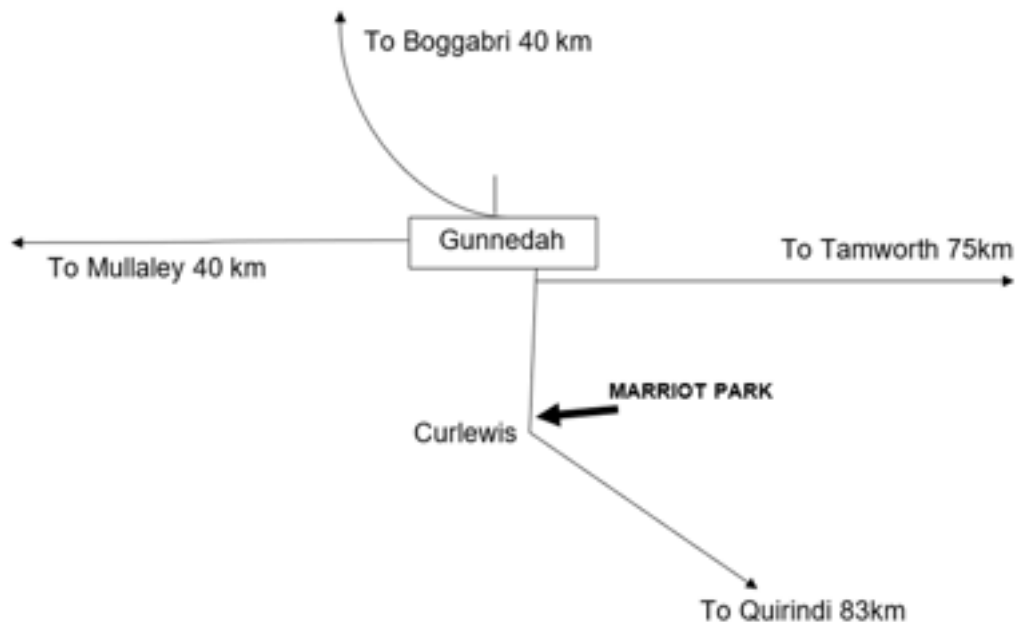

## DIRECTIONS TO 'MARRIOT PARK'

### From Tamworth (90 km)

Take Oxley Highway to Gunnedah. Just before reaching Gunnedah township, turn left (on to Kamilaroi Hwy) at large roundabout and continue toward Quirindi. Marriot Park is located 12 km from roundabout on the LHS of the Kamilaroi Hwy. Look for Wallawong signs.

### From Gunnedah (15 km)

Take Kamilaroi Highway South toward Quirindi. Marriot Park is located 12 km from Gunnedah on the left hand side of the highway. Look for signs.

# Introduction to Wallawong Premium Beef

## *Welcome to our 'Whole of Mature Herd Female Sale'*

It is with a touch of sadness and great honour that we present the cattle and genetics as part of our Whole of Mature Herd Female Sale. The sale has been borne out of a desire to have some time off. After 32 years of chasing cattle and reaching our goals and ambitions, it is time to have a break and sit back with the family for a couple of years.

The cattle presented truly are genuine and have endured the entire spectrum of environmental conditions from droughts to flooding rains, mouse plagues and that stubborn Gunnedah summer heat. All the time being expected to be profitable and industry relevant.

These female lines have been the backbone of a business that has produced bulls whose offspring have achieved the pinnacle awards at many of Eastern Australia's most prestigious steer and carcase competitions.

The females offer the purchasers a great jump into the industry or an expansion of an existing herd. The females contained in the catalogue were the mothers that created our successful 2022 bull sale with an average in excess of \$12,000. Cattle and genetics sold to all states and territories of Australia (excluding the ACT).

Over the years we have also been honoured to have embryos and semen used in herds throughout the world. Wallawong calves can now be found in New Zealand, USA, Canada, Mexico, Brazil, Hungary, Colombia, Denmark and the UK. We greatly appreciate the investment our international clients have made throughout the years.

Many of our previously sold cattle have been purchased by Queensland and Northern Territory producers. It is their ability to survive and possess a short hair type and added carcase that has set them up for success. To this we took the initiative and have tick fever vaccinated all but a few (see catalogue for details) of the cattle, including calves at foot. Making them uniquely suited to direct entry into ticky country in Northern Australia, if required.

We look forward to discussing your cattle requirements, whether they be Silver, Grey or Black. Our emphasis is on delivering what our clients require, and making sure they receive the highest level of satisfaction from their purchase, our service, and our partnership in helping make their business more profitable.

The sale will be a live video auction also interfaced through AuctionsPlus, we advise clients to come and look at the cattle prior to the sale date, at either our open day on Friday 10th March (11am-3pm), or the evening prior to the sale, 17th March (3.30pm-6pm).

We look forward to your involvement in the sale.

*Lachlan, Kate, Stirling and Fraser James*

# COMPARING ANIMALS USING EBVs

EBVs are a tool that will help you to make more educated decisions when you are choosing breeding stock. The best way to make use of this information is to first decide YOUR breeding goals and secondly to select animals with EBVs that match those criteria.

**Birth Weight EBV (kg)** is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

**200-Day Milk EBV (kg)** is an estimate of an animal's milking ability. For sires, this EBV indicates the effect of the daughter's milking ability, inherited from the sire, on the 200-day weight of her calves. For dams, it indicates her own milking ability.

**200 Day Growth EBV (kg)** is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

**400-Day Weight EBV (kg)** is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

**600-Day Weight EBV (kg)** is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

**Mature Cow Weight EBV (kg)** is based on the cow weight when the calf is weighed for weaning. This EBV is an estimate of the genetic difference in cow weight at 5 years of age and is an indicator of growth at later ages and potential feed maintenance requirements of the females in the breeding herd. Smaller, or more moderate EBVs are generally more favourable. The Mature Cow Weight EBV may also be used by steer breeders wishing to grow animals out to a larger weight.

**Scrotal Size EBV (cm)** is calculated from the circumference of the scrotum, measured in centimetres and adjusted to 400 days of age. This EBV is an estimate of a sire's genetic merit for scrotal size and is positively correlated to age of puberty in female progeny.

**Carcase Weight EBV (kg)** is based on abattoir carcass records and is an indicator of the genetic differences in carcass weight at the standard age of 650 days.

**Eye Muscle Area EBV (sq cm)** is calculated from measurements from live animal scans and from abattoir carcass data. This EBV estimates genetic differences in eye muscle area at the 12/13th rib site of a 300 kg dressed carcass. More positive EBVs indicate better muscling on animals. Sires with relatively higher EMA EBVs are expected to produce better muscled and higher percentage yielding progeny at the same carcass weight than sires with lower EMA EBVs.

**Rib Fat and Rump Fat EBVs (mm)** are calculated from measurements of subcutaneous fat depth at the 12/13 rib site and the P8 rump site (from live animal scans and from abattoir carcasses) and are adjusted to a standard 300 kg carcass. These EBVs are indicators of the genetic differences in fat depth on a standard 300 kg carcass. Sires with low, or negative, fat EBVs are expected to produce leaner progeny at any particular carcass weight than sires with higher EBVs.

Please note that Murray Grey and Angus Australia EBVs are NOT directly comparable and operate from different bases. Society averages are shown below.

# WALLAWONG REFERENCE SIRES

## Black Angus Reference Sires

### BURENDA LEGIBLE L446 QBUL446

**Sire:** S Chisum 6175 **Dam:** Burenda Diane D39

Selected from the Burenda Annual Sale and used as a physical joining sire. Legible L446 was sleek coated and deep bodied, traits that he has passed onto his offspring. He has proven his worth with some exceptional young daughters throughout this catalogue and a son topping last year's sale at \$20k.

## Black Angus Calf & Joining Sires

### HANSON PLATINUM BLACK BHOP01

**Sire:** EF Commando 1366 **Dam:** Millah Murrah Ela M80

A 3/4 brother to the breed legend in Millah Murrah Paratrooper P15. Used as a natural joining sire after being purchased from Hanson Angus QLD. He is a bull of significant topline strength and exceptionally sleek skin and hair type. Joined to cows and heifers, with 100% unassisted calving, he has been an excellent addition to our program. Catalogued as Lot 100.

### MILLAH MURRAH REMBRANDT R48 NMMR48

**Sire:** Millah Murrah Paratrooper P15 **Dam:** Millah Murrah Abigail N60

At \$240k, Rembrandt R48 is one of the hottest AI bulls of the previous 2 years. A son of the breed legend, Millah Murrah Paratrooper P15, he is featured with many quality calves, joinings and embryos throughout the catalogue.

### MILLAH MURRAH SUGAR RAY S76 NMM21S76

**Sire:** Millah Murrah Nectar N334 **Dam:** Millah Murrah Flower P81

At \$160k, Sugar Ray S76 is set to be a go to sire of note in 2022/23. We selected him as a major AI joining sire for his overall balance, sire appeal and industry relevance. Featured with joinings and embryos throughout the catalogue.

### TEXAS ICEMAN R725 DXTR725

**Sire:** Poss Maverick **Dam:** Texas Undine H647

At \$225k, Iceman R725, needs no introduction to those who follow the breed. Used heavily throughout the industry, we have found his calves to be early born, with style and substance. He is featured with many quality calves, joinings, and embryos throughout the catalogue.

### MILLAH MURRAH HECTOR M153 NMMM153

**Sire:** Coonamble Hector H249 **Dam:** Millah Murrah Prue H113

At \$40k, Hector M153 was the 2nd high seller of his year, and also a full brother to the renowned Millah Murrah Nectar N334. We have used Hector M153 mainly over heifers as we have found him to be a sleep at night heifer bull sire, with 100% heifers calving unassisted. His calves grow out well and also possess style and relevance.

## **WALLAWONG RISE & SHINE R119** LEJR119

**Sire:** Ascot Evident H146 **Dam:** Woodbourn Queen F24

Selected as the 2021 backup joining sire, Rise and Shine R119 was from a royal pedigree, with a clean coat, High EMA and docility sire in Evident H146, and the outstanding donor female Queen F24 who sells in this sale as Lot 7. After joining duties, Rise and Shine sold for \$14k at our 2022 sale. He is featured by many quality calves throughout the catalogue.

## **WALLAWONG SAFE & SOUND S102** LEJ21S102

**Sire:** Milwillah Napa N498 **Dam:** Premier Lowan L24

Potentially one of the best bulls we have bred. From a powerhouse of a cow, and by an easy finishing, high IMF bull, the combination has worked well. Safe & Sound S102 was selected for the AA cohort 13 Sire Benchmarking Program. Used as an AI backup sire for 2022 joinings.

## **MILWILLAH SLIDESHOW Q102** NJWQ102

**Sire:** S Powerpoint WS 5503 **Dam:** Milwillah Barunah N250

As the \$130k, top priced bull at the 2021 Milwillah sale, Slideshow Q102 displays exceptional carcass shape, body depth and sire's presence. Coupled with his pedigree, he was chosen as one of the AI joining sires for 2022.

## **BANQUET QUARTER POUNDER Q252** VONQ252

**Sire:** Merridale Gaffa G4 **Dam:** Banquet Kite L131

As the \$60k sale topper at the 2021 Banquet sale, Quarter Pounder Q252 displays a soft, smooth coat and desirable easy to finish carcass characteristics. Used as an AI and embryo sire in 2022.

## **Silver/Grey Reference Sires**

### **WALLAWONG RIPSNOTTER** LEJ C46

**Sire:** Lindsay Starbright S117 **Dam:** Wallawong Aletta

Simply a WOW factor bull that had a physical presence and longevity that the industry strives for. Sold for \$14k in 2011 and then repurchased due to his outstanding calves, Ripsnorter has been used extensively in our herd and many others.

### **TULLIBARDINE JEOPARDY J14** PIE J14

**Sire:** Eylwarra Sands Falcon F33 **Dam:** Tullibardine Katie E46

Purchased as a 2 yr old for \$15.5k, Jeopardy developed into one of the breed's elite sires. Known for the style and power he passes onto his offspring, he has had a great positive influence on our herd.

## **BOTTLESFORD KUDOS** KPN K18

**Sire:** Eylwarra Falcon F33 **Dam:** Bottlesford Annabelle C20

Kudos was purchased privately as a 2 yr old and developed into one of the most sought-after AI sires of 2018-2022. He was also selected for export and has many offspring in various countries. He sired cattle with great depth of body, sound temperament and great functionality.

## **WALLAWONG VINNIE ROE** LEJ G35

**Sire:** Wallawong Ripsnorter **Dam:** Wallawong Cristy 4th

Vinnie Roe was selected as another homebred sire to retain. Although not big in stature, his carcase characteristics were very impressive. His sons sold to \$26k in 2022 and his semen has been used extensively internationally.

## **WALLAWONG QUANTITY Q6** LEJ Q6

**Sire:** Wallawong Ripsnorter **Dam:** Bundaleer Antoinette H48

Quantity Q6 was a jaw dropping sire that was used due to his exceptional pedigree and outstanding phenotype. Unfortunately, he was injured, however, semen was obtained and is offered in this sale. Note that his dam sells in the sale as Lot 108.

## **Silver/Grey Calf & Joining Sires**

### **GARANGGI MR MANNUM** MBA M3

**Sire:** Bottlesford Kudos **Dam:** Garanggi Miss Jindabyne

Chosen as an AI sire in 2021/22, Mr Mannum is possibly the best silver Kudos son we could find. Coupled with this he has a female pedigree stemming from a very sound and attractive Wallawong bred female. He is featured as a calf, joining and embryo sire in this catalogue.

### **WALLAWONG MASTERCLASS M22** LEJ M22

**Sire:** Tullibardine Jeopardy J14 **Dam:** Bundaleer T.T. B33

Masterclass M22 was one of the standout bulls of our M drop. From birth he was an outstanding individual. Sired by a breed legend and from Royal Grand Champion in T.T. B33, he was simply bred in the purple. Sold to Western Australia, he has continued to breed on. Sons sold to \$20k in our 2022 sale.

### **WALLAWONG MAGIC MAN M47** LEJ M47

**Sire:** Lindsay Fusion F94 **Dam:** Wallawong Emerald F68

Magic Man M47 was the sale topping bull when sold to Glenliam Farm for \$18k at our 2018 sale. A combination of softness with adequate muscling and depth of body, Magic Man M47 has gone on to sire many high selling offspring. He has been used with great success over Ripsnorter and Jeopardy daughters. He is represented by calves and AI joinings in this catalogue.

## WOODBOURN PARINGA P49 4W P49

**Sire:** Ayr Park Hugh H77 **Dam:** Woodbourn Miss Patsy G26

Paringa was selected for his overall presence, EBVs, visually pleasing dam, and general genetic background. His maternal half-brother sold in 2021 for \$22k, and his first son sold as a yearling for \$10k. An athletic bull with a desirable combination of muscularity and softness. His dam is a particularly striking and correct individual. Semen has been sold internationally. He is catalogued as Lot 158.

## SOUTHEND QUALITY Q486 WMM Q486

**Sire:** Wallawong Xyris **Dam:** Southend F Urban Queen

Purchased as the high selling yearling from the 2021 Southend sale, he has continued to develop with style and thickness. He is a smooth coated, squarely made bull that is having a positive impact on our cow herd. He is represented with many calves and as a joining sire throughout the catalogue.

**Comments:** An impeccably well structured female. Phenotypically outstanding and has proven herself as a great sale bull producer. She has had a son selected as a joining sire and has been a successful donor. Her bull calves have sold to \$14K and two daughters sell as lots 93 and 94. Unfortunately, she calved premature twins on 18/12/2022 and will be presented without a calf at foot. She will be flushed prior to sale and sold unjoined. This is a really good female that has experienced a temporary unfortunate circumstance. She will be sold with a fertility guarantee (details on supplementary sheet). Embryos retained.

**Comments:** Performance plus in this great young cow. Born and raised in drought conditions, she knows how to rise to the top. From a high selling Millah Murrah sire (\$32k) and from an ever reliable donor cow, Lot 9. She presents with an excellent udder and exceptionally sleek coat, making her an asset for Nth Australia. Maternal half sisters sell as lots 11 and 57. A female not to be overlooked. Heifer calf at foot, LEJ22T172, DOB: 23/10/22, Sire: Hanson Platinum Black, BHOP01. AI'd to Millah Murrah Sugar Ray S76, NMM21S76, on 18/12/22. Depastured with Hanson Platinum Black, BHO P01, from 24/12/22.

\$ Index Values			
	VTI	SI	HGFSI
Value	\$43	\$42	\$61
Average	\$40	\$40	\$57

**Comments:** An eye appealing young cow, but it is her genetics that are of great interest. She is the combination of a super high quality homebred sire in Match Fixer M66, while her dam is a respected donor and sells as Lot 105. She ranks in the top 1% for Coat Score EBV with AA. This makes her a distinctively unique individual that should be highly suited to Northern production systems. Phenotypically she is sleek coated and productive. Very high quality silver bull calf at foot, LEJ U1, DOB: 28/1/23, Sire: Southend Quality Q486, WMM Q486. Depastured with Southend Quality Q486, WMM Q486, from 28/1/23. Embryos retained.

Value	\$27	\$27	\$41
Average	\$40	\$40	\$57

**Comments:** Simply a wow factor cow. Structurally brilliant and phenotypically pleasing, H48 has been a highly sought after international embryo donor with calves in several countries. She has performed well for us, including her M and P drop daughters that sell as lots 115 and 127, and her top of the 2019 drop son who was retained and has semen offered as Lot 162. H48 has the ability to produce sleek coated offspring and is a cow suited to Northern environments. An opportunity to purchase a top shelf female. Her 2021 drop son sold at last year's sale for \$10k. Silver bull calf at foot, LEJ T3, DOB: 21/8/22, Sire: Wallawong Masterclass M22, LEJ M22. AI'd to Garanggi Mr Mannum, MBA M3, on 25/11/22, depastured with Woodbourn Paringa P49, 4W P49, from 12/12/2022. Embryos retained.

## WALLAWONG GALE F4 (PB) (AI)

IDENT: LEJ F4 DOB: 14/04/2010 COLOUR: Silver

DAUGHTER OF LOT 132

ORCADIA PARK TYCOON L082 (PB)  
S: LINDSAY STARBRIGHT S117+97 (PB) (AI)  
LINDSAY EDITH K15+90 (PB)

GLENLIAM FARM RAMMER R33+96 (PB) (AI) (ET)  
D: WALLAWONG GALE 2ND (PB) (AI)  
CRATLOE GALE M22 (PB)

**Comments:** A super brood cow that has been a successful international embryo donor. A capacious body and udder are a feature, while her temperament is also outstanding. She has been a prolific breeder of quality offspring, with several sale bulls being produced and a heifer topping our 2015 sale. She is also the dam of Lot 114, LEJ M57, who has also proven herself as an international embryo donor. A very safe and reliable cow to build a foundation upon. Silver heifer calf at foot, LEJ T22, DOB: 22/9/2022, Sire: Garanggi Mr Mannum, MBA M3. AI'd to Garanggi Mr Mannum, MBA M3, on 27/11/22, depastured with Southend Quality Q486, WMM Q486, from 14/12/2022. Embryos retained.

Value	\$47	\$49	\$74
Average	\$40	\$40	\$57

**Comments:** A large framed, wide hiped female. She has all the growth traits of her sire, and will continue to gain volume and weight as she matures. She will develop into a female of significant presence and stature. Top 5% for 600 Day Wt EBV and from a super productive cow that sells as Lot 125. Unfortunately, her 2022 drop calf (22/10/22) died when born into flood waters. AI'd to Wallawong Magic Man M47, LEJ M47, on 11/1/23, depastured with Southend Quality Q486, WMM Q486, from 17/1/23.

Sire - BOTTLESFORD KUDOS

**Comments:** 30 straws. Jeopardy was the high selling bull (\$15.5k) at the 2015 Tullibardine sale. He has been used by several herds and all report calves of exceptional growth, style and muscularity. He certainly adds that wow factor to his calves and has cemented himself as one of the breed's leading sires. Semen stored at Northern Artificial Breeders Scone NSW. Sold in conjunction with Glenliam Farm. For Australian domestic use only. Purchaser of Lot 165 has option to take Lot 166 at the same price.

Sire - TULLIBARDINE JEOPARDY J14

Dam - BUNDALEER T.T. B33

**Comments:** 30 straws. Masterclass was the standout natural calf of Bundaleer T.T. B33 and Tullibardine Jeopardy. He was sold to Western Australia as a 2 year old and is performing extremely well. He was used as a yearling and subsequently by AI. He has become our go to AI sire as his calves have excelled in type, muscularity and temperament. Highly recommended for those breeders looking to take the next step in breeding superior offspring. Sons have sold to \$20k. Semen stored at Northern Artificial Breeders Scone NSW. For Australian domestic use only. Purchaser of Lot 169 has option to take Lot 170 at the same price.

# TERMS AND CONDITIONS OF SALE

**The Stock** - As all lots are open for inspection prior to the commencement of the sale, the stock offered are to be sold with all faults and the buyer must satisfy themselves as to the condition, quality and fitness thereof before offering a bid. No error or misdescription shall invalidate any sale or give rise to any claim for compensation.

The vendor guarantees no animal has been given growth promotants of any kind.

All adult bulls and non-pregnant adult cows/heifers are sold as being fertile and capable of natural service. The Wallawong Fertility Guarantee will occur if within six (6) months of the date of sale the purchaser submits a veterinary report certifying that the animal is infertile and/or not capable of natural service. The veterinarian will also be required to state that in their opinion the animal has not had any physical injury or illness since leaving the vendor's property, which injury or illness could have affected their breeding ability. The circumstances of such an illness or injury must be notified by the purchaser to the vendor within one week of occurrence and the vendor will have the right to arrange a veterinary inspection if required. No claim will necessarily be recognised unless presented within six (6) months of the date of sale.

## **The Sale.**

The stock shall be at the risk of the buyer from the fall of the hammer whether delivered or not. The sale is at the vendor's discretion subject to a floor price. Subject to the aforesaid the highest bidder shall be the buyer. Bids will be exclusive of GST, with GST being added to the final sale price and invoiced to the purchaser. No bid shall be less than the previous bid. If any dispute arises respecting a bid, the lot shall be put up again at the last undisputed bid.

**Payment** - Unless otherwise stipulated, all lots shall be sold for cash. Interest at the rate from time to time charged by vendor shall be paid in any case where a purchaser makes default on due payment.

## **DISCLAIMER**

Whilst all due care and attention has been paid to the accuracy in the compilation of this catalogue, neither the vendor nor the selling agents, breed associations or representatives therefore assume any responsibility (including consequential loss) whatsoever for the correctness, use or interpretation of the information (including, but not limited to pedigree, DNA information, EBVs, index values) on animals included in this catalogue.

**CONSISTENT ● CARCASE ● PERFORMANCE**

# Wingham Beef Week & Upper Hunter Beef Bonanza

**2022 was a fabulous year showing clients' Wallawong sired steers at Wingham and Scone. Wingham awards included Reserve Light Middleweight Led Carcase, Heavy Middleweight Led, Grand Champion and Supreme Champion Carcase (Sired by Wallawong Perseverance). Upper Hunter Beef Bonanza awards included Champion Unled Steer (Sired by Wallawong Password - Black Angus) and Lightweight Champion Led Carcase (Sired by Wallawong Zippy). Special thanks to Heath Birchall, Brian and Noeline Grogan and David Schouten.**

# The WALLAWONG Carcase ADVANTAGE

## **Champion and Reserve Champion Carcases - 2020 Wingham Beef Week**

From right to left, these steers produced MSA indexes of 68.34, 68.89 and 65.87, making them one of the highest scoring pen of 3 MSA carcases in Australian carcase competition history.
